Profile

As a passionate and motivated fresher in web development, I possess a strong foundation in all stages of web development, including user interface design, testing, and debugging processes. With a focus on continuous learning and staying updated with industry trends, I bring a diverse skill-set and the ability to adapt quickly. I am adept at self-managing during independent projects and equally comfortable collaborating in a team environment.

70.5%

SSLC, Murugadhanushkodi Girl's Hr Sec School 2017 – 2018 | Tondiarpet, Chennai - 600081
85.8%

Hands-On Experience

- - Excellent skills in recreating existing designs.
- - Proficient in HTML5, CSS3, and JavaScript (ES6).
- - Possessing basic knowledge in database design and management using Oracle SQL.
- - Adept in version control and collaboration using GitHub.
- - Experienced in social media marketing and content creation.
- - Good knowledge of Microsoft Office applications such as Word, Excel, PowerPoint, and Outlook.
- - Currently pursuing a React JS course and actively working on a dynamic project to further enhance skills.

Internship

Front-End Web Developer, Part-Time Intern at (Rydefoundation)

During a 6-month paid internship at RydeFoundation, I gained valuable experience as a Frontend Developer, working on various projects and successfully creating web applications and websites utilizing HTML, CSS, and JavaScript. I also contributed to design enhancements, content improvements, and usability optimizations for existing applications. Through this experience, I developed expertise in debugging, optimization, and troubleshooting, enabling me to deliver high-quality applications with exceptional user experiences.

Certificates

Certificate of Internship (part-time)

Role of Front-End Web Developer - Ryde Consulting - Jun-2022 to Jan-2023

Java Script Fundamentals

- RydeFoundation - May-2022 to July-2022

Social Media Marketing

- MSME Technology Development Centre - Oct-2022

Web Development Fundamentals (HTML5, CSS3)

- RydeFoundation - Feb-2022 to Apr-2022

Oracle 19C SQL Fundamentals

- RydeFoundation - Sep-2022 to Feb-2023

Projects

RydeFoundation Official Site (Live Project) [↗](#)

I have successfully completed a live project called Rydefoundation.in, where I developed a multipage static website using HTML5, CSS3, and JavaScript. The website is fully responsive and adapts seamlessly to various devices such as mobiles, tablets, desktops, and laptops, can be found at [<https://rydefoundation.in/>].

Web-Portfolio (using HTML5, CSS3) [↗](#)

I have created a simple web portfolio to showcase my skills as a proficient developer. This fully handcrafted website has been built using HTML5, CSS3, and JavaScript, demonstrating my expertise in these technologies. Moreover, the portfolio is designed to be fully responsive and adaptable to all devices, can be found at [<https://www.rydefoundation.in/stprojects/thulasi/web-portfolio/>].

Resource Page [↗](#)

I designed and developed this website specifically for web development students. It is constructed using HTML5, CSS3, and JavaScript. Furthermore, I recently implemented a new feature, Dark Mode, to enhance user experience. The website is fully responsive and adaptable to all devices, can be found at [<https://rydefoundation.in/stprojects/thulasi/resourcepage/index1.html>].

Expense Tracker (using React JS)

I am currently pursuing ReactJS and have gained hands-on experience in creating dynamic projects, including an Expense Tracker application. Through this project, I have demonstrated my ability to leverage ReactJS to develop interactive and efficient user interfaces for managing expenses.

Tools and Technologies

Programming Languages

HTML5 : Proficient

CSS3 : Advanced

JavaScript : Intermediate

Front-End Frameworks

ReactJS : Beginner

Databases:

MySQL: Intermediate
